Hi -

This is a deadly serious issue that we are relying on the EPA to take a stand and do the right and appropriate action. This sight is the worst polluted superfund sight in the country. The do nothing approach is unacceptable. We as Oregonian's take pride in our beautiful scenery and our welcoming and beautiful area. The site is a disgrace and we owe it to our future generations, ourselves, and the wildlife that lives in and around the Willamette.

Thank you!
